Treasure of Music

(Enhancement Point 1)

Nationalist music advocates the love of one's country or region, or heroes of the nation. The national anthem is the most obvious example of nationalist music of each nation. Songs praising the country, the government, the army, heroes, historical events, progression of the countries, special sceneries of the country, historical spots, etc., may be classified as nationalist music.

1. Liu Jiachang: “Wǒ Shì Zhōng Guó Rén” and Sam Hui : “Sailing in the Same Boat” both praise the nation or region. Search them through the internet and listen to them. Analyze the musical elements.
